

Individual Project Report

Clean Start

Project Description

1. Describe the project. What was done, when, and where did the project activities take place?

The project was completed in the fall of 2017. The club used our regular meeting place and a meeting time to assemble all of the baggies.

2. How many people benefited from this project?

1368 baggies of hygienic products were distributed to underprivileged school children.

3. Who were the beneficiaries, how were they impacted by this project, and what humanitarian need was met?

The humanitarian need that was met was providing low income school children with some basic necessities for the school year. They were impacted by having their health and self esteem needs met.

4. How many Rotarians participated in this project?

There were about 30 Rotarians who participated.

5. What did they do? Please give at least two examples, not including financial support provided to the project.

We spent hours in an assembly line putting together these baggies with the various products. Members helped by purchasing and transporting a trailer load of materials from HEB to the club and then to the school district.

6. If a cooperating organization was involved, what was its role?
