

Individual Project Report

Outdoor Educational/Training Pavilion for La Posada Providencia

Project Description

1. Describe the project. What was done, when, and where did the project activities take place?

The building of a 32 foot by 20 foot outdoor screened in pavilion for educational, recreational and cultural events at La Posada Providencia in San Benito Texas.

Groundbreaking on February 7, 2016

Build finished April 11, 2016

Final County inspection passed on April 12, 2016

Wind Storm Certification passed on April 12, 2016

Dedication Ceremony on April 12, 2016 at 4 pm

site location 1610 Marydale Rd. San Benito, Texas

2. How many people benefited from this project?

The hundreds of clients served by La Posada thru out the rest of this year to come and years after and the actual 22 clients there at this moment.

3. Who were the beneficiaries, how were they impacted by this project, and what humanitarian need was met?

The hundreds of clients served by La Posada thru out this year and years to come and the actual 22 clients there at this moment.

As well as the staff of La Posada and the volunteers who serve there. Up to this point they did not have a location for all the clients, staff and volunteers to gather

in one location all together for educational instruction, recreational or cultural events. This Pavilion will now provide the needed space.

4. How many Rotarians participated in this project?

15 directly from Sunburst Rotary and 3 from other local clubs.

5. What did they do? Please give at least two examples, not including financial support provided to the project.

They dug holes, put cement in the foundation holes, hammered nails, screwed screws, painted, prepared snack food

did PR, took pics for weekly newsletter, book keeping, purchased materials and more.

6. If a cooperating organization was involved, what was its role?

la Posada provided client volunteers who helped dig, screw, and hammer.
 La posada volunteers and staff also provided food and water for volunteers daily.
