

Individual Project Report

Gibson Elementary SMART boards

Project Description

1. Describe the project. What was done, when, and where did the project activities take place?

The project was to provide SMART Whiteboards to Gibson Elementary School, located in Corpus Christi, TX. The club raised the matching funds necessary to complete installation of 7 SMART Whiteboards to the school, who was having difficulties in completing their project.

2. How many people benefited from this project?

Projections will be many. Due to the equipment being long-life expectations, each classroom will have approximately 25 students who will use the SMART Whiteboards daily. Figuring a 7-10 year lifespan, the impact will be long lasting. 7 Classrooms were outfitted.

3. Who were the beneficiaries, how were they impacted by this project, and what humanitarian need was met?

See above.

4. How many Rotarians participated in this project?

The entire club, approximately 32 rotarians. Either buy raising funds, or being at the presentation itself.

5. What did they do? Please give at least two examples, not including financial support provided to the project.

Raised funds and did presentation ceremony.

6. If a cooperating organization was involved, what was its role?

Valero Foundation, provided a matching grate of \$10,000 in order to maximize the outreach.
